VOLUME IX, No. 43

EMPRESS, ALTA. THURSDAY, March 23, 1922

Price: \$2.00 Per Year

ATLEE

Atlee, March 16.
W. A. Wilson went up to Calgary yesterday for a brief stay to bring Mrs. Wilson and daughter home with him. They have been in the city for a visit.

Jack Emmett had the misfortune to lose a good saddle horse at the river, Tuesday of this week. Jack says he will walk now.

Miss J. M. Williamson, principal of the Atlee school, spent Sunday as the guest of Mr. and Mrs. H. W. Bunn.

At the card party last Friday evening the lunch was furnished by the bachelors. Suffice it to say that never before was such a lunch partaken of here. There was cake and cake and all kinds of cake. If this was not such a dry country it would be appropriate to say, "It rained cake." We hope the bachelors will soon decide to put on another cake banquet.

Sam Herron has just arrived with his effects and stock. He says Atlee looks good to him. He will farm across the river.

Miss Girdling, provincial health nurse is visiting schools in this vicinity at present.

UNION CHURCH

Sunday School, 2:30 p.m., 7:30 p.m. Evening Service. Next Sunday is the Missionary Anniversary. Mr. T. Powell, Secretary of Missions, of Calgary, will be the speaker on Sunday evening.

March 17.
R. Sjöbeck, roadmaster, was in town today, in connection with the killing of a horse belonging to Earl Hay.

H. W. Bunn is suffering with a bad attack of congestion of the temporal bone, which resulted from a hollow tooth.

Clifford Cole, of Gem, Alta., who is an extensive potato grower, came over to Atlee yesterday to look after his interests here.

Art Rounds is laid up with a bad cold.

The Masquerade ball at the U. F. A. hall last night was a huge success. A large crowd attended and many and various were the costumes displayed.

Miss Leonora Bunn won first prize for lady's costume. She was draped in the Union Jack. Mrs. H. G. Ahern won the prize as a representation of Ireland. She wore a very unique dress.

"Men's Own" Banquet

The "Men's Own" held their Banquet in the Engelbrecht building on Tuesday evening. The Ladies of the Congregation had provided a sumptuous array of toothsome delicacies, and the very large number in attendance did full justice to the splendid repast. Mr. Muncester was Toastmaster for the evening and ably carried out the duties of the position. Disappointment was felt at the inability of Mr. W. E. Galloway to be present, however it was decided to go ahead and this had necessitated the program being hastily revised.

Toasts were: "Our King," the Toastmaster; "The Town," Dr. Caldwell, J. N. Anderson; "Our Churches," G. Peterson, Rev. J. L. Tatham; "The Men's Own," A. Hankin, R. M. Henderson; "The Ladies," Rev. V. M. Gilbert, D. McEachern. Talk generally centered around the "Men's Own" and the outlook for the future of the organization looks very optimistic.

Choruses rendered in between speeches were: "Let the rest of the World go by"; "Faith of Our Fathers"; "There's a Long, Long Trail"; "Carry me back to Old Virginia." Mr. J. G. Paxton rendered a vocal solo. Miss Smith a piano-forte selection. I. E. McLean, a reading and Mrs. H. H. Hall piano-forte and Messrs. J. McNeill and DeGroot, violins, rendered orchestral selections, which were much appreciated. What had been a very pleasant and sociable evening was concluded by singing of "God Save the King."

Important Announcement

In this week's issue announcement met is contained in change of work policy of the Alberta Machine Shop. In order that customers may have the best possible service, horse-shoeing and woodwork has been discontinued and special attention is to be given to machine and iron work in general. Oxy Acetylene welding and Battery work are departments to be specialized in. Further particulars are contained on the back page of this issue.

CARD OF THANKS

Mrs. McLeod and family of Social Plains, wish to thank the friends who so kindly helped with their sympathy and service in their recent bereavement.

W.I. "500" Card Party

The Empress W.I. held another successful "500" card party and dance in the Grand Theatre on Friday last. As usual the ladies served excellent and choice eatables at refreshment time.

Prize winners at cards were—Mrs. G. G. Peters and Mr. P. Brodie. Consolation prize winners—Mrs. M. A. Blodgett and Mr. S. Weir.

Winner of Pyrex dishes—Mr. H. Brodie, Box of Chocolates—Mr. D. McEachern.

The music for dancing was of the best and the time passed swiftly. The ladies of the W.I. realised between \$65 and \$70 and extended their thanks to all who assisted by help and patronage. 75 pc. of the proceeds will be donated to our local hospital.

R. M. Mantario

Minutes of meeting of Saturday, March 11, 1922, held at Orange Hall, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

School Estimates, Walker.—That the revised estimates of Byre, Glen, Almond, Longholm and the estimates of Lloyd George, Clifton Bank, Clow, Ross, Moir, S.D. be passed. That the estimates of Mayfield be referred back to be submitted by the legal board of trustees.

That the estimates of Wolf Willow be referred to R. M. Milton for their advice in regard to same.

Hospital Account—S. Feinstein.—Connell.

That the Sec. Treas. be instructed to decline to pay this account as section 100 (1a) of the R.M. Act had not been complied with.

Relief.—Connell.—That the applications No. 5 to 9 submitted to the council be approved.

Accounts.—Examined and passed by finance committee: Delicacies expenses, Saskatoon, 7.00; J. Klein, relief 4.15; Empress Express, 23.10; W. R. Brodie (Relief), 8.70; Alsask News, 21.00; Sect. Treas., postage and war tax, stamps, note renewals, 10.47. Total, 144.41.

Interesting and Very Pretty Local Wedding

One of the prettiest and most interesting social events occurring in our town took place on Wednesday, March 15, when Miss Edna Mary Peters, daughter of Mr. and Mrs. S. E. Peters was united in marriage to Mr. Harley Clarence Willson, of Lacombe, Alta.

The ceremony took place at the home of the bride's parents and was performed by Rev. V. M. Gilbert in the presence of about twenty-five guests. The bride entered the living room on the arm of her father taking her place beneath a canopy of white ribbons and carnations. She wore an exquisite wedding gown of white canton crepe trimmed with pearls and lace. Her long veil was edged with pearls and crowned with orange blossoms. She carried a shower bouquet of roses and lilies-of-the-valley. The bride was attended by her little niece, Molly Malton, who acted as flower girl and looked very sweet in white silk. She carried a dainty basket of roses. Little Billie Peters, nephew of the bride, made a very charming little ring bearer, dressed in a little Lord Fauntleroy suit of black velvet. While the register was being signed, Mrs. Malton, wearing blue canton crepe, sang, "Until." After the ceremony the guests sat down to a delightful wedding breakfast. Five of the bride's girl friends assisted.

White.—That the above be paid as soon as funds are available.
Connell.—That Cn. Walker be Deputy Reeve for three months next ensuing.
White.—That Cn. Neal be given leave of absence from next meeting if necessary.
Rivers.—That the Council now adjourn to meet again at the residence of John Neal on Saturday April 8, at 10 a.m., S.W. 18, 27, 27, W. 3rd.

BUFFALO

Mrs. Huey, and son, Charles have returned from the East, where they have been spending the Winter.

W. A. King, arrived back last week.

The people of Buffalo, were entertained last week by U.F.A. talent from Cavendish. A play entitled, "The Homestead" was presented. The plot centered around an evening spent in a homesteader's shack. There were songs and jokes and Tom Glen gave a talk on the last U.F.A. convention. A dance concluded what had been a very pleasant time.

with the serving of the guests, Mrs. Peters the bride's mother, wore a handsome gown of black canton crepe with Irish lace. Mrs. G. G. Peters wore a beautiful dress of pink crepe over cerise net. The gift of the groom to the bride was a beautiful set of ermine turs and to the flower girl and ring bearer, pieces of French ivory. Miss B. Stewart, who played the wedding march, also received French ivory.

The happy couple left on the west bound train for Calgary. The honeymoon will be spent in Banff and Edmonton, after which they will be at home to their friends in their home at Lacombe.

Farmers' Timber Supply In Northern Parts Of The Prairie Provinces

The various places of work which have their sources in Canada's forests, combine to make the lumber industry one of the most important of the Dominion, and the total commercial cut together with the various allied industries utilizing timber in manufacture, run to an aggregate value each year to a handsome revenue. This, nevertheless, does not comprise by any means the entire value of Canada's timber in the country, and there is a large domestic consumption of which no record or statistics are available. Timber plays no small part in relation to the Dominion's first industry of agriculture, and the presence and availability of timber in agricultural sections means a great deal to the farmers in those areas, and makes for a general economy.

What are generally designated as the Prairie Provinces of Western Canada, which have, of recent years, become one of the first agricultural producing regions of the world, are popularly supposed to be here of any tree growth from their very name. Those who know the timber country, and are aware to what an extent the name is a misnomer. While the southern portion of the plain which the three provinces take in appears to be a bald, desolate stretch, clumps of brush and trees are always to be found in the vicinity of the rivers, which are numerous, and in the region of the foothills. These supplies render a certain amount of lumber available as well as providing shade and shelter to stock.

When one travels north, however, the prairie is left behind, and the woods are seen to be a fairly, clearly defined division between the bald plain and the timber country. This growth is not in the nature of forest, but from the scattered and somewhat odd distribution, with the appearance of having been especially laid out, has given to the country the description of parkland. The timber is becoming as dense or heavy as to impede or curtail ordinary farming operations, yet gives the farmer all the advantages which a tree growth possesses for a farming community. For his stock it is summer shade and winter shelter; for the farmer, fuel, fencing and material for building. The lumber is available for the many uses of the farming settlements about them.

In the North, however, the timber is not so scattered, but is in the form of a forest reserve, which is one of the most valuable assets of the first farming country of the Dominion. Farmers, who have a greater and wider need for timber than others, draw their supplies of fuel

and building material from this source. Small private mills have been erected for the purpose of manufacturing lumber and the farmer secures the necessary material for his house and buildings very economically, from timber he has cut himself.

Nature in creating Western Canada has provided for many of the needs of the settlers to come, and in the timber, with which she dotted the country, is one of the farmer's most valuable assets.

Blood Money

Reward Given in Middle Ages for Causing Death

"Blood Money" was the name applied in the Middle Ages and well into the modern period to the money paid for bloodshed. It might be either the compensation paid by a murderer to the relatives of the victim, to secure himself and his kin from vengeance, or the money paid as a reward for bringing about the death of another, directly or through evidence. It was once common among the Scandinavians and the Germans, who called this money payment *werigild*. The price varied with the nature of the crime and the rank of the victim. Certain crimes, such as the slaying of a sleeping person, could not be compensated by a money payment; such criminals were declared outlawed and could be slain with impunity. The term is now often applied to the reward or bribe paid for giving up a criminal to justice.

COULDN'T DO HOUSEWORK,

HEART WAS SO BAD

Many women get weak and run down after their husbands, but the heart holds steady to the heart action becoming impaired or the nervous system. Nature intended women to be strong, healthy and happy, instead of sick and wretched. But how can a woman be strong, healthy and happy if her heart is weak and her nerves are unbalanced? It is a wonder that the heart is not more often the cause of illness and nervousness, but it is. It is a wonder that the heart is not more often the cause of illness and nervousness, but it is. It is a wonder that the heart is not more often the cause of illness and nervousness, but it is.

HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs. Dr. Daniel Bernheim, Lysolville, N.Y., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Silburn's Heart and Nerve Pills, has done for me. My heart was so bad at night I was unable to sleep. I was taking other pills, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used your pills, and am completely relieved. I think they are the best remedy for heart trouble."

Price for a box at all dealers, or send for a box at the price of The T. Silburn Co., Limited, Toronto, Ont.

Feeding of Chicks

Some Profitable Methods Proposed by

Some interesting experiments in the feeding and housing, hatching and brooding of chickens are recorded in Experimental Farmer Circular No. 20 by the Superintendent of the Station on Vancouver Island, B.C. In the spring of 1910 a thousand day-old White Wyandotte chicks were purchased for this station, and all the experiments since have been conducted on this breed. Various types of houses and brooders were experimented with and some interesting conclusions are the result. Character of rations and methods of feeding chicks are also given. The circular contains the following recommendations: To not chill or overheat the chicks. If they pass they are too hot; if they huddle together they are not warm enough. Be careful not to overheat the first week. Don't allow chicks to crowd in brooders or colony houses. Feed one chick on the range in colony houses after the eighth week. Do not let the cockerels and pullets mix. Change the water daily and be sure that it is clean. Give plenty of green feed. Feed one chick wherever possible. Don't omit to supply charcoal, grit and shell. Clean and disinfect brooder frequently. See that the feed or straw is not damp or moldy.

For Return of Natural Resources

Premier King Offers Plan for Early Settlement

In a letter to the premier of Manitoba, Saskatchewan and Alberta, Hon. B. Mackenzie King, prime minister, has outlined the proposal of the government for returning the natural resources to the prairie provinces. The premier's proposal, in a nutshell, is that the prairie provinces relinquish the subsidies which they have received in lieu of their lands and receive the resources.

"The shortest and simplest way of settlement, the one admitting of quick results, would be to ignore the transactions of the past and make a fresh start," the Premier says.

The Prime Minister states in his letter that the question of returning the natural resources has been complicated in the past by objections raised on the part of the other provinces, who have claimed that if the requests of the prairie provinces were granted, new conditions would arise which would result in the older provinces) to compensation. Speaking on behalf of the Government, he expresses the opinion that any claims on the part of the eastern provinces will probably be removed if it is understood that on receiving the natural resources, the prairie provinces will surrender the subsidies.

The Premier makes it clear that any arrangement arrived at is subject to the approval of Parliament.

Universal Truths

Nations Can Only Pay Debts by Increased Production

Australia, which is a land of nationalhood, has incurred a huge war debt. In addition to outstanding loans. When the people of Australia borrow money, they are not receiving a sovereign and bank notes. They are obtaining as goods for consumption, or represent credits for goods. And these millions of loan money must be repaid in goods, whether such be raw materials or manufactures. The immediate need, as for increased production, for it is clear that the sooner the means to pay are provided the sooner will outstanding liabilities be discharged. The only way by which production can be increased is by working to increase it—Australia.

Letter Writing Is Lost Art

Rush of Modern Life Leave No Time For It

It is often said that good letters, such as one's father and grandfather used to write and receive, are no longer written. The pressure of modern life is such, so it is argued, and the rush so great, that there is no time for the pursuit of letter writing as an art. One cannot read the letters of Horace Walpole, without being conscious that something of beauty and value has disappeared from our life. Something must be done of old and gracious art is not to be perished. Let us not lose the belief that education and refinement really have noble value and charm—Indianapolis News.

RHEUMATISM?

Health is the Most Valuable Asset You Have. You Cannot Afford to Neglect It.

Crofton, B. C.—"I was troubled for years with inflammatory rheumatism and rheumatic fever. I tried several cures for rheumatism, but did not receive any benefit from any of them. I was sent to the hospital for months, being unable to move. A friend advised me to try Dr. Pierce's Kidney and Bladder Pills. I have been benefited by them."

After taking the first bottle I began to improve, and after taking six bottles I am now free from rheumatism. I think Dr. Pierce's Pills are the most valuable medicine that any one can take for rheumatism. I have recommended these tablets to my friends and they too have all been benefited by them."

People are realizing that the kidneys, just as do the lungs, need to be cleaned occasionally. The kidneys are an eliminative organ and when they are clogged with the poison from the blood, urine and back up the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs, any one who takes Dr. Pierce's Kidney and Bladder Pills will find that he has had a most valuable tonic. Dr. Pierce's Pills are sold by all druggists or sent to Dr. Pierce's Laboratory in Hidesburg, Ont., for trial package and write for free, confidential medical advice.

WESTERN EDITORS

H. G. Franklin, Publisher of The News, Toronto, Ontario.

Italian Prosper in the Argentine

Have Control of Some of Most Important Industries

A local newspaper has just published a list of immigrants or descendants of immigrants from Italy numbering 111 whose combined fortunes in Argentina are estimated to exceed 1,000,000 pesos, or \$21,600,000 in Canadian money. The list was published in connection with the forthcoming inauguration of a 5,000-peso clubhouse which the Italian colony of Buenos Aires has erected. Italians in Argentina are prominent in all branches of activity but a large extent in industrial enterprises, some of the most important of which are controlled by them.

When Does

Branchial Trouble

Begin To Get Serious?

First it was a little throat tickle, then a cough, which grew severe. This neglected cough travels down the lungs and it's mighty hard to treat. To treat throat trouble right at the source, it's best to use a cough, always irritating, causes the lungs, making breathing regular, clears out the phlegm and frees the nostrils from crusts and accumulation. You can prevent colds and keep free from catarrh and bronchitis by frequently using Catarrh-ine—thousands prove this every day. Bold every day. Catarrh-ine treatment \$1.00, medium size 50c, small size 25c.

How Our Soldiers

Escaped Typhoid

Used Invention of Professor Woodhead to Chlorinate Drinking Water

Sir Norman Shaw Woodhead, Professor of Pathology at Cambridge University since 1899, died suddenly aged 61 at Althorpe Hall, near Lincoln, Eng., where he had been staying on the holidays. He had been failing in health for the past year or so, and he died without having recovered from his illness. Sir Norman was best known as the inventor of the process of chlorinating drinking water for the British troops during the war. This invention killed any germs that were in the water and so prevented the spread of typhoid and other enteric diseases. He was a member of the Royal Commission on Tuberculosis in 1902 and of the executive committee of the Imperial Cancer Research Fund. He acted as inspector of laboratories in military hospitals in the United Kingdom and was formerly adviser in pathology to the War Office.

Colonization Plans Now

Occupying The Attention

Of The Federal Government

Favors Waterway Project

U.S. President Says There Is Far-Seeing Vision in the Proposal

The administration plan for government aid for the United States Merchant Marine presented to the U.S. Congress by President Harding provides a subsidy of about \$22,000,000 annually to be paid to United States shipowners by the diversion of 10 per cent of the nation's customs receipts to that purpose.

President Harding came out strongly in favor of the St. Lawrence waterway project in the course of his message to Congress on the ship subsidy bill. Alluding to the awakened interest in water transportation, Mr. Harding said:

"We have a new manifestation of this broadened vision in the enthusiasm of the great middle west for the proposed Great Lakes-St. Lawrence waterway, by which it is intended to connect the Great Lakes with the waters of the world."

There is far-seeing vision in the proposal and this great and commendable enterprise, is inseparable from a great merchant marine.

Did English Descend

From Lost Tribes

British Coat of Arms Resembles Ancient Symbols of Israel

In a lecture in London, Eng., recently on "The Miracle of the British Coat of Arms" at Westminster, the Rev. Passmore, of the Vane, suggested to prove that the British coat of arms is a miraculous relic of the standard of ancient Israel, and so to substantiate the claim that the English and American races are the descendants of the lost tribes of Israel.

He quoted passages from the Old Testament containing frequent references to the shield, the lion, the unicorn and the "young lion" as the symbol of Israel, the chosen race of the Covenant, and also frequent references to the people that "shall dwell alone."

The only other national standard that bears any resemblance to this standard of the Covenant, the speaker added, was that of the Japanese, which bears the lion and the unicorn. The White Japanese, from the Samurais downwards, had many secret customs corresponding to Jewish rites.

Urging that the Dominion Government

advises a national immigration policy based on the needs of the country and the adaptability of the immigrants, and insisting on a pre-condition of British citizen ancestry for those admitted to the country, a proposition from the National Council of Women waited upon Hon. Charles Stewart, minister of the interior, and were promised that the revolution would be laid before the special cabinet sub-committee.

That there are many large colonization plans on foot which will likely be brought to the notice of the Government for support during the next few weeks, is the understanding of officials of the Department of Immigration. Among these is the plan of Col. J. S. Dennis, of the Canadian Pacific Railway, who proposes to take to Canada several hundred of the demobilized High Constabulary with their families and settle them on dry and irrigated lands in Western Canada. Col. Dennis has returned to Canada and it is expected that Government approval of his plan will be sought in the near future.

Other interests are also stated to be taking an active part in colonization work.

So far as can be learned, efforts during the ensuing year are likely to be limited to attempts to bring out agricultural westerners from the British Isles, with their families, for settlement on Canadian farms.

The emerald improves in color by exposure to the light.

ACHES AND PAINS—SLOAN'S GETS 'EM!

AVOID the misery of bad colds. Take a bottle of Sloan's Liniment when you first feel the ache or pain.

It quickly eases the pain and sends a cooling, of warmth, through the aching part. Sloan's Liniment penetrates

Fine, too, for rheumatism, neuralgia, sciatica, sprains and strains, stiff joints, lame back and sore muscles.

Give it a trial. It's a real family remedy. Ask your neighbor.

Price—35c, 70c, \$1.00.

Get it at all drug stores.

Golf Club Organize

The Empress Golf Club held their organization meeting on Friday, March 10. Officers elected were: Hon. Pres. C. S. Pingle; Pres. Wm. Crobbie; D. McEachern, Sec.; Vice-President, G. M. Johnston. The Executive is composed of Messrs. Macdonald, Henderson, Thow, and the aforementioned officers.

Membership fee was fixed at \$5 for the season, with admittance to the Club free for ladies. It was moved that members of the Tuxis Boys organization be approached by the Executive Committee, offering them a full membership in the Club providing they undertake to keep the greens in order, and the Executive were given full power to deal with the acceptance of all junior members.

The question of membership with provincial golf association was taken up and it was moved that the question of affiliation be taken up with the Saskatchewan Association.

A good number were present, all of whom signified their intention of becoming members. Much discussion ensued in regard to improvements to the links, however, these matters

were finally left to the Committee to deal with and the meeting was adjourned.

ATLEE NEWS—cont.

of green crepe splashed with shamrocks which were suspended by yellow crepe ribbons. The skirt was double plaited and the blouse cut full. The dress was set off with a green pierrot also splashed with shamrocks having yellow ribbons for pendants. The prize for best men's costume was won by Mr. V. Ripley. He was dressed as a Scotch kiltie. The men's comic prize went to Art Rounds. He represented a hobo. Art said that owing to a bed cold he felt like a hobo and that was the reason he acted the part so well. Mrs. W. F. Lawler represented a maid. She wore a pretty black costume with a white cap and hair in ringlets.

226 9th Ave., East

Miss Jeanie Stewart was dressed as a Norwegian maiden. Miss J. M. Williamson represented a milkmaid but she forgot to take a pail. She wore a plaid dress and a sunbonnet trimmed with exquisite lace. Many clowns were in evidence. Clifford Cole was dressed as a Chinaman, and Miss Girling represented the campfire girl, while Jack Ahura upheld the honors as a Dutch boy. The ribbon dance created considerable amusement and some couples imagined they were mixed up in the mis-tletoe, but the moonlight waltz was not a success owing to improper arrangement of the lights.

A STERN CHASE

is often avoided and also loss of time when you enlist the services of a Want Ad if you have an article to Sell, Buy or Trade, something you have Lost or Found.

FOR SALE
Dinner wagon and buffet—Apply Mrs. R. H. Richards, Empress.

FOR SALE
Cabinet Sewing Machine, bargain for cash. Good condition. Enquire at H. P. Aston's farm, E. E. 2, 25, 1.

ESTRATED

to section 28, 25, 1, & 4—Red Cow, decorated, brandy 128 or right driving, and Red Calf, no brand—W. J. Harrison, Box 222, Empress.

We Sell Lumber to Build Houses and
Then Coal to Heat Them

A house warmly built with good material (such as we handle), is a dividend paying investment. The saving of coal soon offsets the difference in cost between building a house warm and building it the ordinary way.

No matter what you want in Building Material, we have it—and our prices are right.

D. Lusi, made a business trip to Cabri, on Tuesday.

W. R. Brodie made a trip to Moose Jaw the end of last week.

Clyde Jarbo and Stewart Trail left on Monday morning for Kamloops, B. C.

Born—To Mr. and Mrs. V. M. Gilbert, Monday, March 20, a daughter.

Mr. and Mrs. Mansel Leach returned on Tuesday night from Regina, where they have been spending the winter.

S. T. Lewis returned from Chicago, this week. He reports that business is slow there, but most business-people are optimistic.

G. B. Marshall, and son, of Regina, are in town in connection with farm interests near here.

H. G. Cole, of Josephine, has in four carloads of oats, which are being unloaded and distributed among the farmers in the north districts.

J. Farquharson, ferry inspector, was a business visitor to town, on Tuesday. We understand that a crew is to be here soon to build a new saw at the south ferry crossing. The timbers of the old saw will be used to erect shelters for passengers and teams.

Dan McRae returned on Tuesday.

Byron Nelson, of Buffalo, arrived in Empress on Thursday night.

Thomas McCarthy, of Buffalo, spent the week end in town, having returned for his farm on Monday.

Born—At the home of Mr. and Mrs. Davidson, Medicine Hat, Alta., on March 8 to Mr. and Mrs. Barney Kreller, Social Plains, a daughter.

Mrs. Dr. McCharles has been taken ill with influenza in Winnipeg. She is reported to be improving nicely.

Lars Olson, who has been spending the winter at Sibbald, has returned to his farmstead at Castle Coombe.

Mrs. Geo. Malton, who has been visiting at the home of her parents, Mr. and Mrs. S. E. Peters, returned to Carbon on Wednesday, having had word that Mr. Malton has contracted influenza.

Mrs. Russell McDonald has received the sad news of the death of her sister, Mrs. T. U. Sando, of Crystal City, Man. Mrs. McDonald and her mother, Mrs. N. McCauley, left on Saturday morning to attend the funeral.

Girl wanted to do general house work for a small family.—Apply drawer 377, Empress.

The "Men's Own" held their closing meeting of the season on Sunday. A paper on "Our Newspapers and their value as educational factors," was read by A. Hankin. A very interesting after discussion ensued. Altogether the meeting was instructive and enjoyed by all present. Mr. Gilbert and pupil, rendered mandolin music appropriate to the day. The officers and promoters of the society must be very pleased at the success which has attended every meeting of the society.

The High School Literary Society held their regular meeting on Friday last. The program consisted of recitations, a piano solo, a demonstration of

cream testing by Mr. J. Humphries, and paper on current events. The afternoon entertainment was enjoyed by all. The next meeting will be held on Friday, April 7.

A new tax recovery act has been introduced by Hon. Mr. Reid that will provide new procedure with respect to sale of lands for taxes. Instead of sale by auction of such lands the year after taxes are due, the municipality will simply file a caveat against the land. A year later the municipality will apply for title, if taxes are still in arrears, and in the year following that, the land must be offered for sale by auction. This will give approximately two years for the owner to redeem by paying off all taxes due.
